## PROFESSIONAL SUMMARY

---

Fullstack developer with hands-on experience in MERN stack development. Proven ability to design, implement, and deploy full-stack applications, ranging from e-commerce platforms to dynamic content management systems. Focused on delivering clean, maintainable code and seamless user experiences. Strong communication and teamwork skills in agile environments.

## SKILLS

---

- **Languages:** JavaScript, TypeScript, Python, HTML, CSS, SQL
- **Frameworks:** React, Node.js, Express, Next.js
- **Databases:** MongoDB, MySQL, PostgreSQL
- **Tools:** Git, Docker, Jenkins, Postman, Webpack
- **Cloud:** AWS, DigitalOcean, Firebase

## EDUCATION

---

- **Africa International University** Nairobi, Kenya  
*Bachelor of Science in Information Technology (Part-Time) 2022 – Present*
- **Udemy** Online  
*The Complete Web Developer Bootcamp 2023 – 2023*

## EXPERIENCE

---

- **Studybuddy Africa** Nairobi County, Kenya (Hybrid)  
*Fullstack Developer (Full-Time) Sep 2024 – Present*
  - **Educational Platform Development:** Building and maintaining an educational platform that enables users to access course materials, participate in discussions, and manage their progress. Leveraged MERN stack for seamless user experience and functionality.
  - **API and Database Design:** Designed and integrated REST APIs to ensure smooth interaction between frontend and backend, managing data using MongoDB for high performance.
  - **CI/CD Integration:** Set up and managed CI/CD pipelines with Jenkins and Docker for continuous integration and delivery, optimizing release times and improving efficiency.
  - **Cloud Deployment and DevOps:** Configured cloud infrastructure on AWS, including deployment automation and monitoring, ensuring robust and scalable platform availability.
- **Willsoft Technologies** Nairobi, Kenya  
*Fullstack Developer (Part-Time) Apr 2023 – Aug 2024*
  - **E-commerce Platform Development:** Developed and deployed an end-to-end e-commerce platform using the MERN stack, with features like user account management, product browsing, cart management, and payment integration.
  - **Payment Gateway Integration:** Integrated third-party payment gateways such as PayPal, Stripe, and M-Pesa, ensuring secure and efficient transaction handling.

## PROJECTS

---

- **MERN Stack E-Commerce Platform:** Developed a full-stack e-commerce web application with features like user authentication, product browsing, cart management, and integrated payment processing. (2023)
- **Inventory Management POS System:** Developed an inventory management POS system for a supermarket, featuring real-time tracking, reporting, and item management. (2024)
- **Library Management System:** Created a MERN stack library management system with features like book categorization, user roles, and book borrowing functionality. (2024)
- **Real-Time Chat Application:** Developed a real-time chat application using Socket.io, Express, and React. Features included user authentication, private messaging, and notification systems. (2023)
- **Task Management Application:** Built a task management app using React, Node.js, and MongoDB, enabling users to create, edit, and organize tasks with features like deadline reminders and project tracking. (2024)
